Classes are held at the 300 S. Oak
Steve Purdue Training Center
(Building south of Fire Station 1 or
Across from Sherwin Williams)

Class is from 3:00-5:00p.m.

Sec. 30-203. - Food training certificate and food manager certification required.

Except as exempted under this article, every employee of every food service establishment, not otherwise holding a valid food handling card or food training certificate who handles or supervises the handling of food and every employee of a retail food store who prepares or packages for resale food items shall be required to register for a health and sanitation seminar prior to or on the first day of employment. Once the employee has registered for the seminar, he may start work in the establishment; however, no employee shall work in the establishment for more than 30 days without attending a city health and sanitation seminar unless expressly authorized by the regulatory authority, which authorization shall be at the discretion of the regulatory authority and granted only in instances of extreme hardship or circumstances.
