Appeal to the Board of Adjustment	FEE	These regulations and districts are established in accordance with a comprehensive plan for the purpose of promoting the health, safety, morals and general welfare of the citizens of the city. They are designed to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to provide adequate light and air; to prevent the overcrowding of land, and to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements. They have been established with reasonable consideration for the character of each district and its peculiar suitability for the particular uses specified; and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the City.	Per application	<a href="#">Sec. 1-12</a>	\$150.00
Variance	FEE	Variance. A variance is a relaxation by the board of adjustment of the dimensional, yard area, building size, lot coverage and parking regulations of the zoning ordinance, where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the actions or the situation of the applicant, a literal enforcement of the zoning ordinance would result in unnecessary and undue hardship.	Per application	<a href="#">Sec. 1-12</a>	\$150.00
